The annual Latina Health Symposium provides participants with information and tools to use in working with Hispanic/Latina women around health issues. This year’s theme will focus on raising empowered Latinas. Speakers will cover topics such as healthy eating, active living, and resources for positive parenting and good mental health. We hope you can join us!

Who should attend:

- Public health professionals
- Lay health workers (promotores)
- Outreach workers
- Social service professionals
- Community health workers
- Community health educators
